Come and join FEHRL at TRA2016

Meet FEHRL at TRA2016 on 18th-21st April 2016

The FEHRL Secretariat has initiated or is involved in the following activities at the upcoming **Transport Research Arena 2016 - TRA2016** in Warsaw, Poland on 18th-21st April 2016 so come and join us there! We will of course also be present during the whole of TRA2016 on the FEHRL booth, which is part of the CEDR pavillion in the Gallery Expo (click **here** to see the layout of the exhibition). And our booth will feature information about our members BRRC, FHWA and VTI.

Monday 18th April

FLOW: The project features as part of the **all-day poster session** (09.00-18.00) in the Busness Club C room.

SETRIS: A presentation of the project will be given at the agora in the CEDR pavillion from 13.50-14.10. Click **here** to see the programme of presentations at the agora.

Infravation: The ERA-NET Plus programme features as part of the EC special session on **International Cooperation: Experiences and Open Opportunities** from 16.45-18.00 in the Business Club A room.

Tuesday 19th April

SENSKIN: A presentation of the project will be given at the agora in the CEDR pavillion from 14.45-15.15.

LCE4ROADS: A presentation of the project will be given at the agora in the CEDR pavillion from 16.45-17.15.

Wednesday 20th April

ROSANNE: The project features as part of a poster session (08.30-09.45) in the TWM4 **Condition Evaluation and Asset Management** session in the Barcelona room.

Infravation: Features as part of invited session IWM1 **Moving forward: the opportunities and challenges for transnational road research** in the London C room from 08.30-09.45.

SUP&R ITN: A presentation of the project will be given at the agora in the CEDR pavillion from 09.45-10.15.

LCE4ROADS: The project features as part of the SWA2 **Green and Resilient Infrastructure** session from 13.15-14.45 in the Business Club B room.

USE-iT, FOX and REFINET: The three projects are holding an invited session IWA2 entitled **Increasing the performance of multi-modal transport infrastructure through stakeholder engagement and European-wide shared vision** from 15.15-16.15 in the Paris C room. More details can be found **here**.

ECOROADS: The project features as part of a poster session (15.15-16.30) in the Traffic Safety Management session in the Paris room.

ROSANNE: A presentation of the project will be given at the agora in the CEDR pavillion from 16.15-16.45.

These activities are of course in addition to countless other parts of the programme that involve FEHRL members and key partners.

New staff members working for FEHRL Secretariat

Two new Project Officers, Migle Paliukaite and Claudia Ciuca, have started to work at the FEHRL Secretariat in Brussels as of mid-January. Click **here** for more details.
And Martin Lamb, previously of TRL, has also been appointed Programme Manager to lead the update of FEHRL's flagship Forever Open Road and the development of FORx4 programme. Click **here** for more details.

MIRIAM Models for Rolling Resistance Workshop

Click **here** to register for the MIRIAM Models for Rolling Resistance Workshop to be held on Thursday 19th May 2016 from 9:30-16:00 at BRRC (Belgian Road Research Center) at 21 Fokkersdreef, Sterrebeek, near Brussels. For more information, click **here** or contact Christian Axelsen at **CAX@vd.dk**.
