CEDR Transnational Road Research Programme 2013

This Call for Proposals was prepared on behalf of CEDR by CEDR TG Research and covers the following themes:

Theme A: Ageing Infrastructure Management
Theme B: Traffic Management
Theme C: Safety
Theme D: Energy Efficiency
Theme E: Roads and Wildlife

The five themes are fully described in separate "Description of Research Needs (DoRN)" documents which have been developed by experts from within the CEDR member organisations in response to priorities indicated by them. The commissioned research will build on all existing knowledge.

The Contract Notice for CEDR Call 2013 was published on the eTenders website on 18 September 2013 at 1200. The publication details are:

eTenders link: https://irl.eu-supply.com/app/rfq/publicpurchase_frameset.asp?PID=70162&B=&PS=1&PP=ctm/Supplier/publictenders
Tender name: CEDR Transnational Road Research Programme: Call 2013
System ID 78756

This Contract Notice will also be available on the Supplement to the OJEU at http://ted.europa.eu/TED/main/HomePage.do. The OJEU Notice can be seen using the "View Notice" button on the bottom of the eTenders Notice.

The Guide for Applicants, DoRNs, templates for proposals and submission instructions can all be downloaded from the eTenders link above. Note that you will need to register your interest using the "online registration" button in order to download the documents.
