Information Network on QUiet European road Surface Technology

Workshop: Low-Noise Road Surfaces
Venue: Dübendorf (CH)
Date: 14 November 2007

Please mark 'X' in the appropriate box or give comments as required.

1. Please rate the workshop on the following criteria.

	1	2	3	4	5	
Boring			**3**	**4**	**7**	Interesting
Simple (understandable)		**2**	**5**	**6**	**1**	Challenging (demanding to understand)
Time too long			**10**	**3**	**1**	Time too short
Learned little		**1**	**4**	**8**	**1**	Learned a lot

2. Please rate the following elements of the workshop.

	Poor				Excellent
	1	2	3	4	5
Speakers			**2**	**9**	**3**
Presentations			**2**	**9**	**3**
Handouts			**2**	**4**	**8**
Discussion session		**1**	**2**	**3**	**1**

3. Overall, how would you rate the content and presentation of the workshop?

	1	2	3	4	5	
Poor			**3**	**7**	**4**	Excellent

4. Do you consider your participation in the workshop to have been

Time well spent	**11**	Moderately useful	**3**	A waste of time	

5. What were the most relevant topics of the workshop to you?

- Experimental surfaces and future prospects (5)
- Measurement methods (3)
- State_of_the_art of low_noise pavements (2)
- Cost/benefit analysis (2)
- Presentation of Guidance Manual (2)
- Interaction with other control measures (1)
- Classification, labelling and COP (1)
- Other national and European projects (1)

6. What parts, if any, do you think need to be changed and why?

- Would like broader inernational participation
- Would like more participants from administrations to share point of views
- Some repetitions in the presentatons (noise reduction of different pavements)
- Durability issues are mostly presented in reference to noise reduction property. This should be specifically mentioned

7. If you have any other comments about the workshop, please give them here.

- The practitioners are not primarily interested in research but more in problems related to standards and specifications
- More practical issues, less scientific research!
- Good organization. Thank you !
- Please continue to support this kind of international contacts and connections between Swiss researchers and foreign research centres
- In the CBA, one should indicate that the cost of replacement of the layer after 7 years is included.

Thank you for completing this questionnaire
