Synopsis:

The 14th World Conference on Transport Research will be held 10-15 July 2016 in Shanghai, China at Tongji University.

This major conference will bring together experts in all aspects of transport research, from all parts of the world to stimulate the exchange of ideas in the broad field of transport research within the following Session Tracks:

Transport Modes – General
Freight Transport and Logistics
Traffic Management, Operations and Control
Activity and Transport Demand
Transport Economics and Finance
Transport, Land-use and Sustainability
Transport Planning and Policy
Transport in Developing and Emerging Countries

The final programme is comprised of more than 1200 papers from 65 countries supplemented by special sessions and technical tours.

The WCTRS Young Researchers' Conference will take place on 10 July 2016.
